

"CONVENTION AT IT'S BEST"

CONVENTION CENTER

PSG Convention Center is more than an imposing structure, it is one of the most exquisite engineering marvel and architectural grandeur working in perfect harmony.

From creating memories through mellifluous vocals to mesmerizing graceful dance performances, from the eminent performances of internationally acclaimed artists to leisure and socio-cultural events & receptions, from product launches to conferences.

PSG Convention Center is a versatile space, a celebration of success.

THE MISSION

PSG, living up to its mission, has been providing world-class Engineering education, fostering Research and Development, evolving Innovative applications of Technology, ultimately molding young men and women capable of assuming leadership of the society for the betterment of the country, since 1951 and also making remarkable contributions in the medical world. Adding to its line of caliber, **PSG Convention Center**, is a prime example for a tradition of excellence.

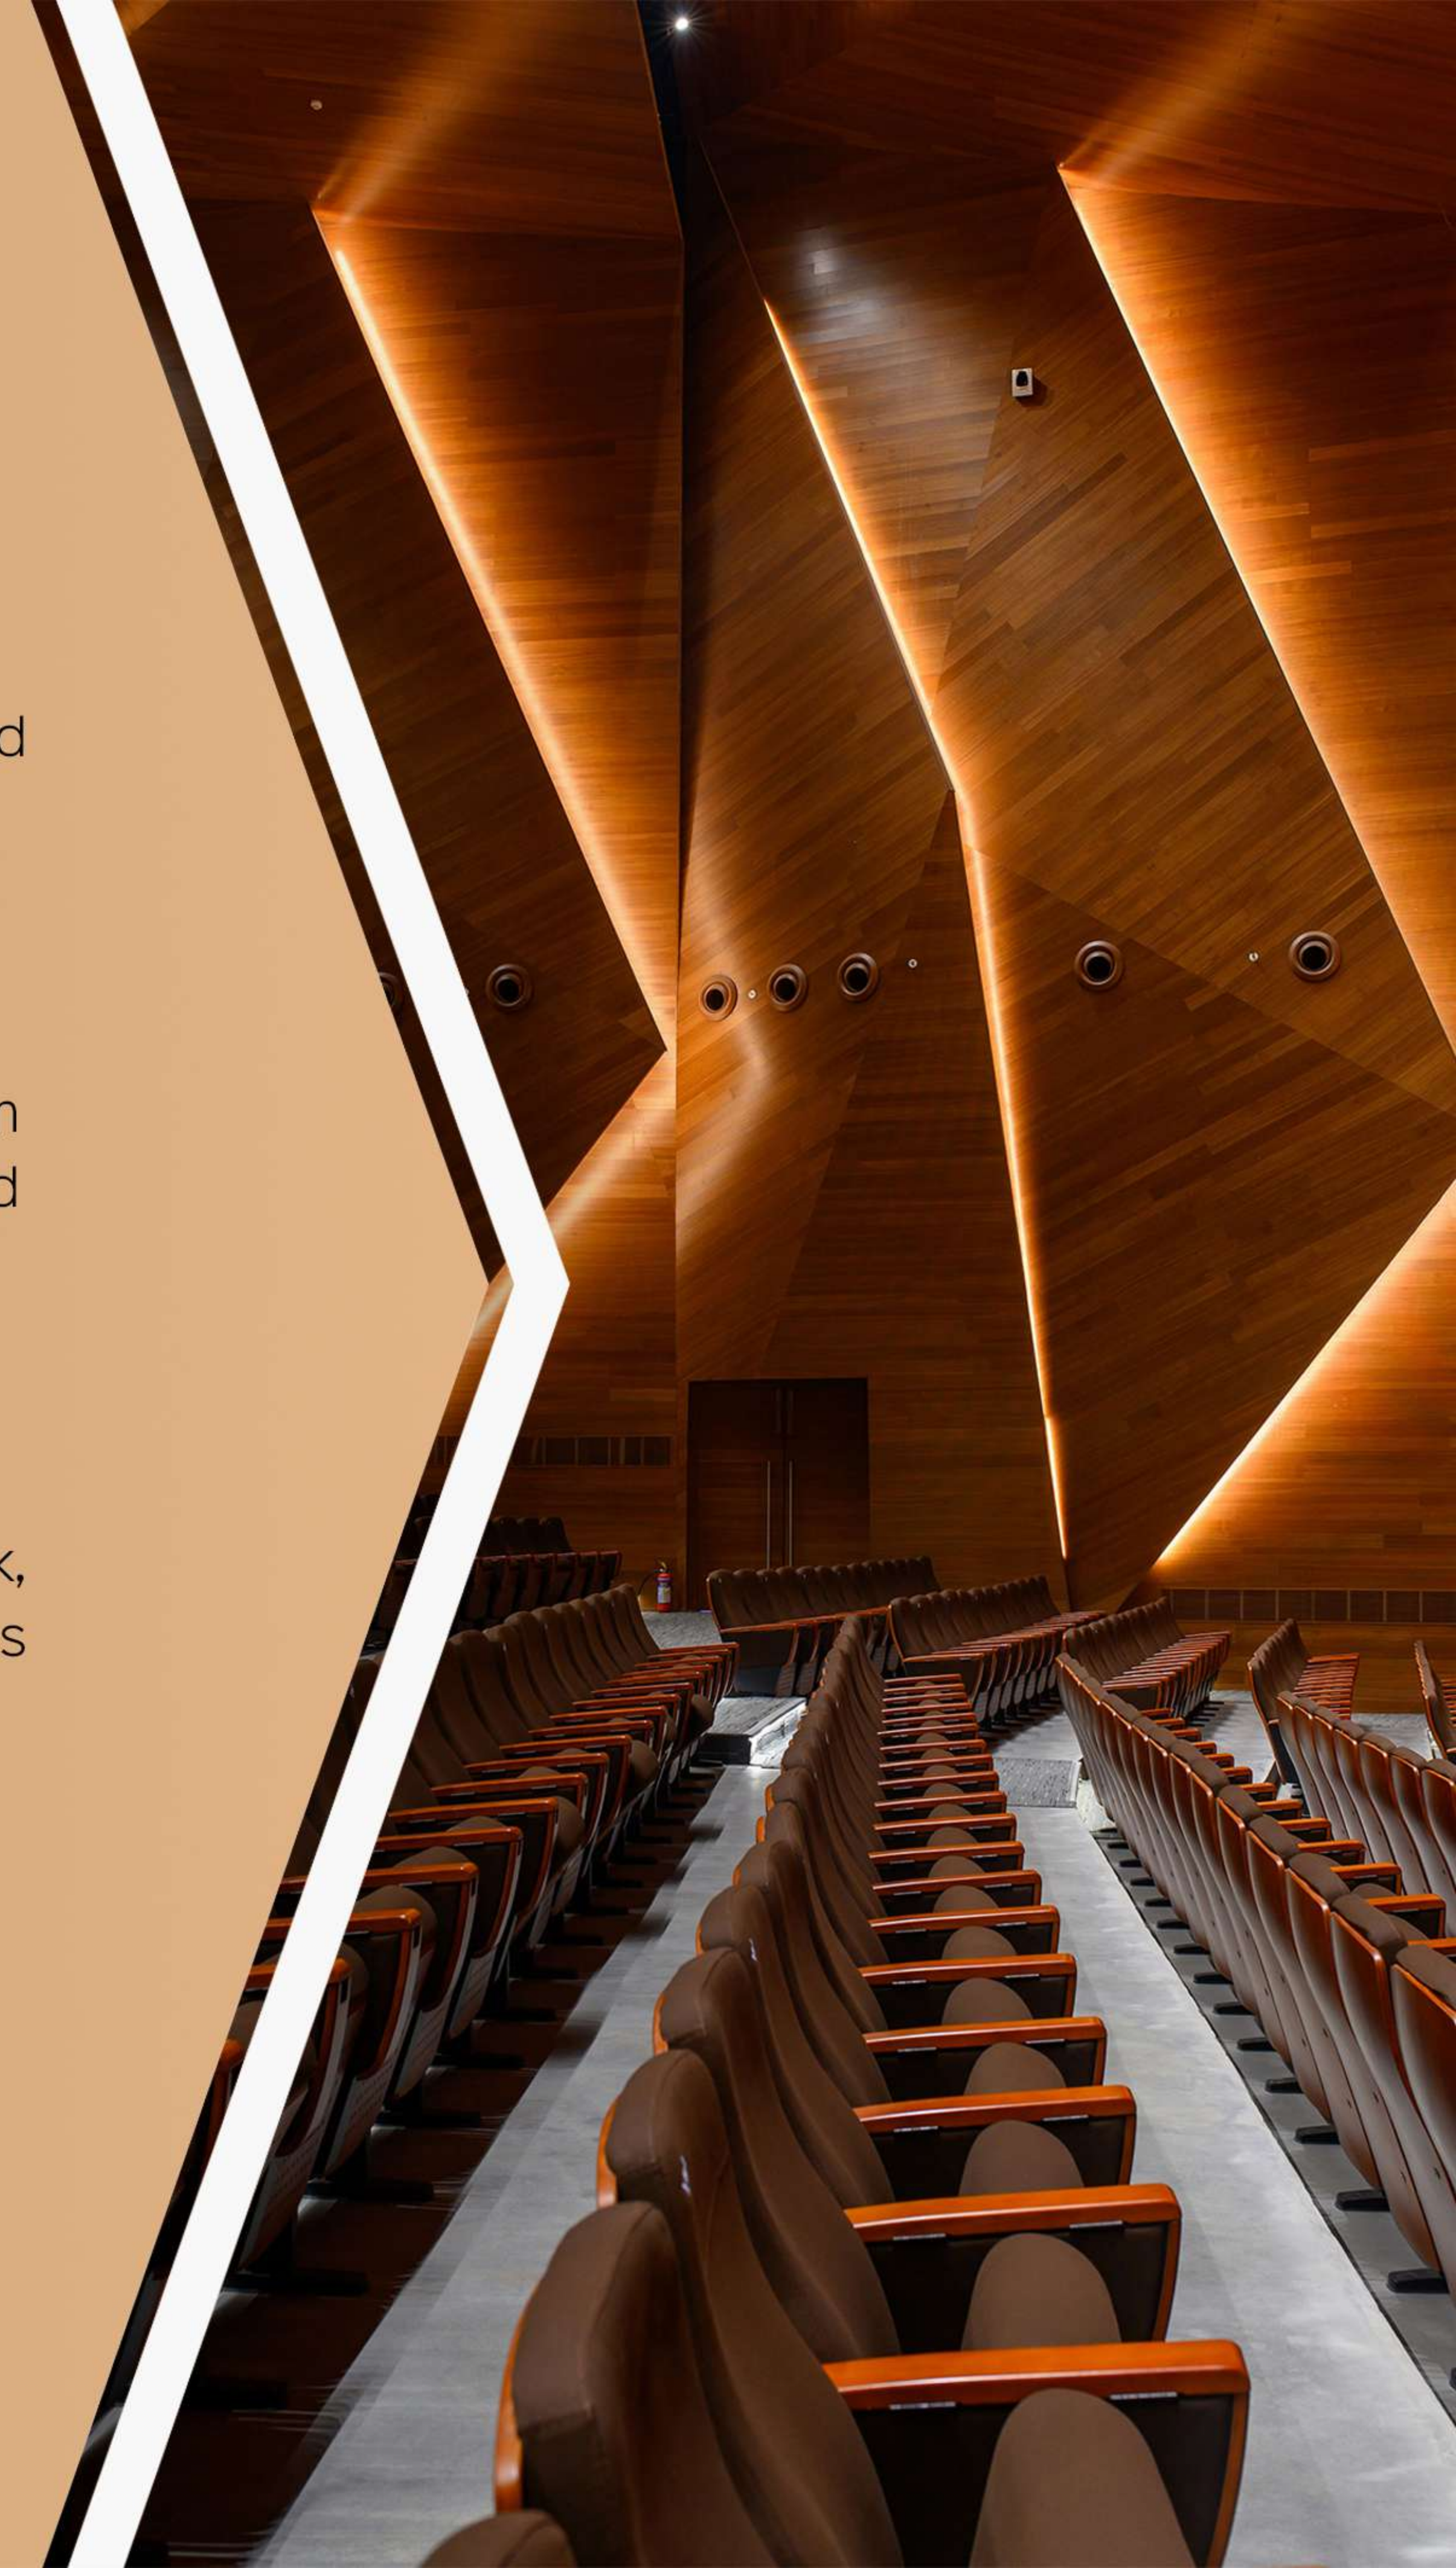

This multipurpose theatre is constructed with unique and impressive world class modern architecture providing a varied range of amenities.

With an area of 1,00,000 sq.ft. PSG Convention Center is a supreme platform for National & International conventions, Art shows, Cultural events and concerts, seminars, Launch and Elite exhibits.

The total seating capacity is 1500, which includes ground and an upper deck, with a spacious foyer. The state-of-the-art lighting, audio and visual facilities of the convention center are compatible with the nature of the programme
